### Get Involved

**Student Groups**
Florida State University has over 650 Recognized Student Organizations (RSOs) on campus. Find out how you can get involved with a student organization at [http://nolecentral.dsa.fsu.edu](http://nolecentral.dsa.fsu.edu)

**Union Board**
The **Oglesby Union Board** is a board consisting of students and faculty who strive to represent the university community and ensure that facilities, services, and amenities offered by the Oglesby Union Complex meet the needs and interests of its constituents.

**Soar Board**
The **Student Organization Advisory and Review (SOAR) Board** is an entity of the Student Activities Center and serves as a liaison to FSU’s Recognized Student Organizations (RSOs). SOAR Board works to help RSOs grow by providing workshops, individual consultations, online resources, and many events such as Market Wednesday, the RSO Presidents’ Mixer, and Leadership Awards Night.

**Peer Involvement Mentors**
Being on a big campus can be extremely intimidating, especially if you don’t know what is available to you and how to get involved. Come meet with the Peer Involvement Mentors and they can set you up with a counselor to talk about your interests and start getting you involved. Whether you’re interested in the honor societies, student government, clubs, or whatever you can think of, we will help you find the perfect opportunity on campus. Come see them on the third floor of the Oglesby Union: Room A303D and make your mark here at FSU!

The Healthy Campus Committee, Women's Studies Department and the Women Student Union are proud to present: America the Beautiful 3. The Sexualization of Our Youth. The third installment of the documentary series America the Beautiful questions the media we consume and addresses the negative effects of our hyper-sexualized culture on our youth. The Mask You Live In

SUSTAINABLE CAMPUS
FLORIDA STATE UNIVERSITY

Food Waste

Each year, approximately 35 million tons of perfectly edible food goes to waste and only three percent of that wasted food is composted or recovered. If we recovered just 15 percent of that wasted food, we would be able to feed about 24 million people. The Florida State's student-led chapter of the Food Recovery Network helps fight food waste and feed hungry people in our local Tallahassee community by recovering food from eight different dining locations on campus.

For more information on how to get involved with FSU's Food Recovery Network, visit FRN's Facebook page at https://www.facebook.com/foodrecoveryfsu.
