Renting

Why a budget? You can’t find the right place to live until you know how much you are able to spend. The budget spreadsheet is a good reference. Keep in mind all extra expenses that go hand in hand with paying rent like utilities, transportation, and insurance.

Using a credit card monthly to pay your electric bill is not debt management; it is simply building debt.

### Have you thought about other costs?

Do you need to buy furniture, TV, bedding, kitchen utensils, a shower curtain, or food for your new apartment? These are items we often forget about.
Finding the RIGHT apartment

Don’t just sign the lease at the first apartment you tour. Shop around, get the best value for your rent, find a landlord/management that you like and trust, find a place that is safe, and try to find a place where you will want to live for the duration of your college career. For your convenience, use the apartment comparison sheet found on page 4.

TIPS
1. For crime information in specific areas visit Talgov.com, the Tallahassee Police Department and statistical information site.
2. Know your budget - live within your means.
3. Location - on a bus route or close to FSU. Drive around Tallahassee to get a feel for the city.
4. Create a list of wants/needs before you start your search - pool, gym, roommate matching, close to local businesses, etc.

Things to consider & Questions to Asking when searching for housing
1. Is the rental unit in a location I would feel comfortable living in? Make sure you visit the place during the day, at night, in the rain and on the weekend to get a full perspective.
2. Does the rental unit contain most, if not all, of the amenities I desire? Make a list of all the amenities you would like to have before going to look at rental properties.
3. Would I feel comfortable renting from this landlord? Talk with current tenants to discover what their experience with the landlord was like.
4. Is the unit in a condition you are willing to live in? If any promises are made about repairing any part of the rental property, make sure you get that promise in writing.

Choosing the right lease:
Individual Lease vs. Joint Lease
Once you’ve made the decision to move off-campus, you’ll have to sign a lease for an apartment or house. Signing a lease may be one of the most important things you do when moving off-campus. Make sure you read and understand ALL leases before signing. Remember leases are a binding legal contract.

1. A lease is a contract between you and your landlord that spells out specific details of your living arrangement. Leases often involve policies about pets, deposits, legal entry and other important information. These are two major types of leases: Joint Leases and Individual Leases.
2. A joint lease means a landlord will hold all roommates responsible for the lease. If one person breaks the lease, the other roommates are held responsible for paying the total rent. A joint lease is most common when renting a house.
3. In an individual lease, a landlord holds each person responsible for his or her own actions. For instance, if one roommate breaks the lease, that person is still responsible for paying his or her own rent.
4. For most college students, individual leases are the best choice. Each person in the lease is responsible for his or her own actions and not the actions of a roommate.
5. Most landlords or apartment managers have the option of providing you with a joint or individual lease. Be prepared to pay more for an individual lease.
# Apartment Comparison

There are many apartment complexes within the Tallahassee community and it is easy to lose track of the benefits and drawbacks of each one. When you begin your search bring this worksheet with you. It will help you keep track of the questions you need to ask and all the answers you will be given. It is a great way to compare the rent payments, what you get for that rent, and what you can afford. Make additional copies, and take notes if viewing more than three different apartments.

Finding a Roommate
Suggestions: Look outside and inside of your social circle to find a roommate, also some apartment complexes offer roommate matching and roommate placement. In these two situations make sure you can make a switch if the complex places you with roommates that you are not compatible with.

Roommate matching means you fill out a form of preferences like when you study, cleanliness, favorite music, etc. Complex management attempts to match you with like roommates based on this form.

Roommate placement means the apartment management will place you in any open space with no considerations to your study, sleep, or social habits.

Things to discuss with your potential roommate/s
1. Study habits and the expected study environment.
2. Friends/family visiting and staying overnight.
3. Cleaning the common spaces (e.g., bathroom, kitchen), including sweeping, dusting, etc.
4. Will you share food and shopping responsibilities?
5. What are the expectations in a roommate relationship? Are you looking for a friend, someone to do things with, or just someone to share your space and expenses? How similar or different are your roommate’s expectations?
6. Is your roommate financially secure? Ask to see a credit report if you are not sure.
7. Is it possible to sign separate leases? This way, each roommate is responsible for his or her share of the rent.

Staying “Perfect Roommates”
1. Communication is key! If problems arise, talk about them. Sometimes it takes a while to talk calmly, but make sure the situation is resolved within a timely manner.
2. Set up a schedule for taking out the trash, doing the dishes, and cleaning.
3. Complete the roommate agreement right away! See Page 5.
4. Get a furnished apartment to avoid furniture confusion.

What to do when you can’t resolve issues that arise...
1. You have signed a lease and that is a binding contract – you can’t just move out.
2. Try mediation first. Contact the Dean of Students Department (850/644-2428) for help mediating roommate issues.
3. Talk with your apartment management or landlord to see if a transfer is possible.
4. Tough it out – sometimes this is the only option – if so, act maturely.
5. Finding someone to sublease your apartment is an option but make sure that your lease allows you to sublet.
Roommate Agreement

A Roommate Agreement is a great way to facilitate that first community conversation. See the agreement below for things to talk about with your roommate(s) the first week that you begin living together. It is good to discuss the standards below so that issues do not arise later because you have not set forth honest and clear expectations and guidelines.

**Tips to help keep electric costs down**

- In the summer set A/C temperatures at 78 degrees or higher and in the winter set heat temperature at 68 degrees or lower.
- Be sure to keep your air conditioning filters clean, as this will lessen the workload on your A/C unit.
- Have your A/C unit serviced each spring. Follow up with your landlord or management if your unit has not been serviced or if it is not functioning properly.
- Use ceiling fans, box fans or oscillating fans. They are much more cost efficient than A/C.
- Utilize window shades, curtains, or blinds to screen sunlight during the warm months and open window coverings during the cools months.
- Open your windows instead of using the A/C during the spring and fall seasons. For safety reasons, sleeping with windows open is not always the best option.
- Make sure that windows and doors have proper seals to prevent air from leaking in or out.
- When you are not in a room turn the lights off. Don’t leave the TV or stereo on when you are not home. Unplug appliances that you are not using.
- Run clothing in washing machines using the cold cycle instead of warm or hot.
- Run the washing machine and/or dishwasher only when you have a full load.
- Clean dryer filters after each use.

**Budget Billing- Tallahassee City Utilities**

Budget billing is another option to paying your utility bills. Total your past twelve (12) months of utility usage (billed amounts) and divide by twelve (12) to find your average monthly bill. To this average, 20% is added to arrive at a figure that you will be billed throughout the next year. The 20% addition protects you from significantly underpaying bills if your usage increases during colder winter or warmer summer weather. Every twelve months, the city will automatically review your account to determine the difference between your actual utility bills and your budget billed amounts. This difference will then be used to compute next year’s bill. Any amount of underpayment or overpayment is rolled into the new budget billing amount.

You must have been a residential utility customer at the same location for at least the past 6 months. Secondly, you must have no outstanding balances. Finally, we ask that you give Budget Billing a chance by participating for at least one year.

Request Budget Billing Online by going to http://talgov.com or by calling Utility Customer Service at 891-4YOU (4968).
Renter’s Insurance

If you live in an apartment or a rented house, renter’s insurance provides important coverage for both you and your possessions.

A standard renter’s policy contains four separate sections:

1. Protection of your personal property in case of theft or damage.
2. Shields you from personal liability.
3. Loss of apartment usage due to damages.
4. Medical payments of others.

Your personal property is not the responsibility of your apartment management or landlord unless you can prove negligence. Proving negligence in court may be extremely difficult. That is why it is VERY important to have renter’s insurance.

There are several types of residential insurance policies. Read your policy information carefully and ensure you have full coverage. Policies should include the following items:

Policies should cover the following events/conditions:

- Fire or lightning
- Windstorm or hail
- Explosion
- Riot or civil commotion
- Aircraft
- Vehicles
- Smoke
- Vandalism or malicious mischief
- Theft
- Damage by glass or safety-glazing material that is part of a building
- Falling objects

As you can see, floods, earthquakes, and hurricanes are not on the list. If you live in an area prone to one or more of the three, you’ll need to buy a separate policy or a rider. Ask your insurance provider for specific coverage and insurance discounts.

Let your agent know about any particularly valuable items you have. Jewelry or electronics might be covered up to a certain amount. If you have some items that are unusually expensive, such as a computer, you’ll probably want to purchase a separate rider or floater. If you don’t talk to your agent about an expensive item when you buy the policy, you probably won’t be able to recover the loss.

Make sure you read ALL the literature provided by an insurance agency and ask LOTS of questions before agreeing to any policy. Shop around! Premiums are different from company to company, but make sure your policy covers your needs.

Some students can be covered under their parents/guardians’ insurance policy for a small additional fee. Talk about whether this is an option for you. If not, check into a policy of your own. A small monthly fee can protect you and your belongings in case the unspeakable happens.

Don’t forget to speak with your insurance agent to see if there are any discounts available to you for protective devices (smoke alarms, security systems, fire extinguishers) or multi-policy discounts.
Before You Move In
OK, you have found the right place to live, you’ve signed your lease, and paid a hefty deposit...how do you move in and make sure you get your deposit back?

First thing to do is make an appointment with management/landlord for a date and time to pick up your keys. This is very important because you don’t want to show up and no one is available to issue you keys.

Once you’ve gotten your keys, follow the checklist below. It will help you to have a smooth move in and help you when it’s time to move out to get your deposit back.

**Move-in Checklist**

- Take pictures of the apartment before you move in. This will verify any damages present upon moving in.
- Complete a thorough written inventory of the apartment’s condition and have the landlord sign the inventory. This helps protect you from the landlord claiming you caused pre-existing damage.
- Try to figure out a time that you and your roommates can move in together. This helps when making decisions about furniture or storage.
- Don’t leave your doors unlocked in your car or apartment. This is prime time for theft.
- Take your time and remember to stay hydrated – especially in the summer months.
- Be careful – don’t put the table leg through the wall. Damages cost you money.
- Enlist the help of friends or family.
- Bring some cleaning products with you to clean the kitchen or bathroom before putting your belongings away.
- Find out from your landlord or management the proper place to dispose of boxes.
- Don’t forget to return that rental truck on time or you could have to pay for another day.
- Make sure you park legally when moving in and out to avoid tickets or towing
- You don’t have to unpack in one day.
- Unpack one room at a time to avoid confusion and clutter.
- Introduce yourself to your neighbors.
- Get to know the area. This is the best way to help you become aware of your surroundings.
- Find out where the closest supermarket, gas station, or bus stop is located – these are great questions to ask your new neighbors.
- Have fun getting to know your community and the people who are living next door.

Landlord and Tenant Communication

Another part of your community is your relationship with your landlord or apartment management, just like it is important to communicate with your roommate, it is equally as important to talk with whomever you are renting your apartment or home from. Tell your landlord if something is broken that needs repair, you have damaged something, you are not getting along with your roommate, or are having trouble paying your rent. These are all good things to discuss in a timely manner with the management.

What Are My Duties as a Tenant?

1. Pay Rent!
2. Comply with all zoning restrictions.
3. Keep the premises clean and sanitary.
4. Keep plumbing fixtures sanitary.
5. Comply with all other lease terms.
6. Comply with all rules and regulations.
7. Comply with house and health codes.

Tips for Positive Interactions:

- Do a thorough search when looking for an apartment. If you take the time you will be happier with the place you choose.
- Come prepared with the necessary information when going to sign a lease. (ID, social security card, proof of being a Florida State student, references, etc; call and ask what you will need).
- Read the lease or rental agreement- know what will be expected of you as a tenant. Make sure you get a copy of your signed lease.
- Get it in writing! If your landlord has told you verbally that they will have an exterminator spray monthly make sure it is in the lease. If it isn’t make sure this or any agreement is placed in writing, dated and signed by both parties.
- Pay your rent on time!
- For maintenance issues- follow up with management or landlord quickly.
- If you damage any part of your rental unit including rugs, walls, furniture or yard, notify your landlord/management immediately.
- Maintain the rental unit and any exterior grounds according to your lease.
- Remember to dispose of your garbage properly; don’t let it pile up.
- You are responsible for guests and any damages they might cause.
- Party responsibly; this includes not having open parties with people you don’t know, serving alcohol to minors, allowing guest noise or music to disturb neighbors.
- Follow your lease guidelines or apartment complex standards.
- If you have questions, ask. The management would rather you be informed about their policies.
What happens if my landlord refuses to make repairs?

1. DO NOT do them yourself. The law does not guarantee you will be able to recover cost for repairs you do yourself.

2. You CANNOT just move out during your lease and forfeit your security deposit. In Tallahassee’s current rental market, the odds are that you will be sued unless you supply acceptable replacement tenants. Your losses in court will not be limited to your security deposit, but will include rent for each month the apartment remains vacant during the term of your lease, plus court costs and the landlord’s attorney’s fees.

3. You CANNOT use your security deposit as your last month’s rent. Landlords can legally evict you for non-payment of rent even when your “security deposit” is equal to your last month’s rent. The purpose of the security deposit is to protect the landlord against damages to the apartment.

Tenant’s Rights

You have rights as a tenant. See below for detailed information that is provided by Student Legal Services about your rights.

Introduction

Florida’s Residential Landlord and Tenant Act Section 83.40 to 83.682, Florida Statues (2005), is referred to as “the Act” in this publication. Most libraries have copies of Florida Statues if more specific information is needed. If you have a problem in this area, you should contact an attorney. Florida Statues are available online through the Florida Legislature’s Homepage, www.leg.state.fl.us. Explanations of the Act have statewide applicability, but any specific reference to Tallahassee or Leon County applies only to those areas. The rental of mobile homes or mobile home lots is not covered in the act.

Complaints about your Landlord

You have the right to complain if you have concerns or are being treated unfairly. Some examples of unfair treatment or abuse include:

- Business fraud or unethical actions.
- Scams of any kind.
- Violations of any landlord/tenant laws.
- Identity theft.

You can file a complaint with the Florida Division of Consumer Services at 800/435-7352 or with the Better Business Bureau of Northeast Florida at 904/721-2288. You may also want to contact an attorney. A list of attorney’s in the Tallahassee area can be found at www.sga.fsu.edu.

What Exactly Is an Eviction?

- An eviction is the formal end to your right to occupy the premises. It does not end your duty to pay rent.
- An eviction starts with a Summons. You must file an Answer within five days. Contact an attorney immediately.
- If the court rules against you, a judgment for possession of the premises, unpaid rent, late fees, interest, court costs and attorney’s fees will be entered for the landlord. The sheriff will post a notice on the premises that requires you to vacate in 24 hours. If you do not vacate at this time, the sheriff will remove you and your personal property.
What Can Happen If I Don’t Pay Rent?
Failure to pay rent is the quickest way to be evicted. The landlord will serve a notice demanding payment of rent or possession of the premises. If you fail to comply with the demand in three days, excluding weekends and holidays, eviction proceedings may be started. Neither surrender of the premises nor eviction end your liability for rent.

Can I Be Evicted for Any Other Reason?
Yes. Your lease can be terminated if you violate any lease terms, rule and regulations of the Act. Termination begins with a 7-day notice and does not end your liability for rent. Your options depend on whether the violations are classified as “curable” or “noncurable.” If you receive either type of notice, you must act immediately; either negotiate a settlement with the landlord or contact an attorney.

Curable Violations
You will be given seven days to correct a curable violation. Examples include unauthorized pets, guests or parking, or the failure to keep the premises clean and sanitary. If you repeat the violation in 12 months, you will not be given a second chance.

Non-curable Violations
The landlord may terminate your lease with a 7-day notice without giving you a chance to correct a non-curable violation. Examples include deliberate destruction or misuse of the landlord’s property or a continued, unreasonable disturbance.

Can I Be Evicted If I Pay “My” Rent but My Roommates Don’t?
• Usually. Most leases provide that the tenants are jointly liable for the entire rent.
• This means the landlord can evict you unless the full rent is paid.
• It is possible for you to sue your roommates in a small claims court to collect their share of the rent and utilities. A written roommate agreement will be helpful in proving your case in court.
• Given the difficulty of collecting money on a judgment quickly, the best thing you can do is obtain new roommates.

So What If I Get Sued? I Have No Money!
Any judgment for money damages is enforceable for at least 20 years and earns 12 percent simple annual interest. A judgment may be enforced by seizing your wages, bank accounts, or your personal property. A judgment will also adversely affect your credit rating.

Terminating the Lease
• Most landlords require a 30-day notice of your intent to vacate the unit. If you don’t give them the required notice, they may withhold some or all of your security deposit. Check your rental agreement to find out when your landlord requires you to submit your notice.
• If you want your deposit back, make sure you leave the premises in a clean condition for the next occupant. Be sure to vacuum, sweep, clean all rooms, cabinets and appliances, as well as other areas specified in the terms and conditions of the rental agreement. Take a last walk-through with the landlord. Note any damages in writing and reach a final agreement.
• When you move out, the landlord must either return your deposit within 15 days of termination of the rental agreement, or justify in writing why they are keeping some or all of the deposit. This notice should be sent to you within 3- days.
Moving Out

You think moving out is easy...well there is a lot to think about. First if you are planning on moving out of your apartment make sure you give reasonable notice to your apartment manager or landlord. See below for other tips on how to move out AND get your deposit back.

**Moving out checklist:**

- Make sure you know when your lease ends and what date you must move out or what date you must renew your lease if you decide to stay. If you do not renew your lease by the landlord's “deadline,” the landlord may rent out your apartment to someone else.
- Ask what is required of you up on leaving the apartment. Do you need to have the carpet cleaned?
- Begin preparing to move 30 days before you need to vacate.
- Items you will need:
  - Boxes
  - Packing material (newspaper or plastic wrap)
  - Tape
  - Twine
  - Blankets
  - Plastic bins
  - Dolly
  - Cleaning supplies
  - And vacuum, steam cleaner, and spackle
- Can you move all of your belongings yourself or do you need to rent a truck? If you are renting a van/truck, make sure you call ahead and reserve the vehicle. Lots of people are moving all at the same time!
- If you want to hire a mover, make sure you check around for the best price, ask friends, or family, and check references and the Better Business Bureau visit their website www.bbb.org.
- Pick a day to move and ask friends or family to help. Free lunch is a great incentive!!
- Take pictures or a video of your empty apartment when you have moved all your belongings out.
- Ask your landlord or apartment manager to complete a walkthrough with you. Discuss any damages or issues they might have with returning your deposit. Try to plan this walkthrough for a day or two before you are expected to vacate the apartment. This gives you time to fix damages or clean carpets.
- When you move out, completely and thoroughly clean the apartment. Some landlords provide a checklist outlining the cleaning they expect you to do. Keep all receipts for cleaning supplies and steam cleaner rentals as evidence.
- Complete a move-out checklist and make sure the landlord signs and dates it. Use an impartial witness if the landlord is not available or refuses your request for a walkthrough.
- Ask your landlord/apartment manager for the specific date you will receive your deposit.
- Make sure your landlord/apartment manager has your new mailing address and phone number in case they have questions.
- A landlord has 15 days after termination of the lease to return the security deposit or send a notice by certified mail stating how much is going to be deducted from the deposit and why. You must object to the deduction in writing within 15 days of your receipt of the notice or the deductions are authorized. If the notice is not postmarked within 15 days, the landlord forfeits the security deposit.
- However, if you damaged the premises, the landlord can sue you even when the 15-day notice is not given. Because the landlord can also get court costs and attorney’s fees, you should consult an attorney before filing any lawsuits.
Now that you are officially a part of the Florida State and Tallahassee community it is a good idea to familiarize yourself with the City of Tallahassee ordinances and codes. Also to ensure that you have a good relationship with those around you you may want to follow some of the good neighbor tips that will make your time here in Tallahassee more enjoyable.

**Good Neighbor Tips**
- When you move in, introduce yourself to your neighbors (at least the ones on either side and across the street).
- Learn your neighbors’ names and wave or say hello to them when you see them. If your neighbor has a problem, see if you can help.
- Keep your yard neat and picked up. Mow your grass often, or if the landlord is responsible, make sure he or she gets it done,
- Exchange phone numbers with your neighbors. Encourage them to call you first if there are any problems at your house such as loud music, litter, etc. Be respectful and responsive to their concerns.
- Attend neighborhood association meetings and get involved with neighborhood activities.
- Don’t allow your pets to run at large.
- Learn the acceptable and legal places for parking at your house or apartment.

**Occupancy**
The Tallahassee Code of Ordinances restricts the number of unrelated people living in a residence to no more than three unless the address is specifically grandfathered by the city to allow more than thee unrelated occupants. This requirement applies to zoning areas designated as single family. When you plan to share housing with roommates, you are required to either restrict the number of occupants to three or seek appropriate housing in a multi-family district.

**Parking on the Street**
In many areas, residents and guests park on the street as necessary to accommodate overflow from the driveway. Make sure you are not parked in a “no parking” zone, blocking driveways, parking on sidewalks, in drainage ditches or easements, or on adjacent private properties. The towing laws will be strictly enforced. Before you and your roommates rent a home or apartment, make sure there is enough parking available to accommodate each resident’s vehicle as well as those of any guests.

**Pets**
All dogs must be kept in an enclosed area or on a leash. The leash must be long enough to allow the dog sufficient freedom to gain access to food and water and to gain protection from the weather. Constant and loud barking, leaving pets with no food or water, cruelty to animals and abandonment are all prohibited. All of these actions are subject to escalating fines, and/or arrests.

**Garbage**
Garbage and recyclables in Tallahassee are collected at the curb once a week. Make sure your containers are at the curb by 6:30 AM on the scheduled day. The containers used for garbage and recycling collection tend to clutter the right of way and are not aesthetically pleasing. Please remember to pull yours back from the street the evening of your service day.

You can find this and more information about city codes at [www.talgov.com](http://www.talgov.com).

**Voter Registration**
Since you now live in the city of Tallahassee, it is a good idea to vote while you live in Tallahassee. Help local politicians make decisions about where your tax money should go. To learn more about voting in Tallahassee, including how to register, where to vote, and upcoming elections, visit the Leon County Supervisor of Elections website at [http://www.leoncountyfl.gov/elect/](http://www.leoncountyfl.gov/elect/).
Know Your Responsibilities

Noise and Party Limits – Party Control

The city of Tallahassee does not prohibit parties, but it does have a responsibility to protect the rights of those who are adversely affected by parties. City code prohibits obscene, profane, or indecent language as well as drunken, noisy, or disorderly conduct on a city street or other public place within the city limits that disturbs public tranquility. This includes the use of amplifying devices such as home stereos, car stereos, televisions, etc. Any of these turned up to the point of disturbing the peace or annoying any person who owns or occupies property in the neighborhood is in violation of the law.

Noise complaints are often the result of loud or overcrowded parties. If you have a party, remember it is your responsibility to keep the event under control. The following tips are useful guidelines when hosting an off-campus party:

- Inform your neighbors that a party is going to take place.
- Create a guest list. Things can get out of hand if you have an open-door policy. Be responsible for all guests on the premises.
- Avoid parking problems and consider the parking needs of your neighbors.
- Monitor the level of noise coming from your party.
- Clean your house and yard properly after the party.
- Do not sell alcohol or require a cover charge for your party.
- Do not serve alcohol to guests under the legal drinking age of 21.
- Call the Tallahassee Police Department to report problems at (850) 891-4200.

Party Smart!

- Remember don’t let your social obligations get in the way of your academic success. Remember why you are here at FSU!
- Let your neighbors know in advance if you’re planning a large social gathering or party. Tell them when it will start and when it will end. Give them your name and phone number so they can call you if there is a problem.
- Limit the number of people you invite, and only invite people you know. Large crowds can become unruly and hard to manage or control.
- Be familiar with the state and local laws regarding alcohol consumption and supplying alcohol to others.
- Read your lease carefully so you will be familiar with its requirements. Check with your landlord about policies regarding parties or gatherings. Know your rights and responsibilities.
- Establish a reasonable ending time for your event and have everyone leave at that time. Remember your neighbors may have to work, get up early the next morning, or have young children at home.
- Have plenty of trash cans and recycling bins available to dispose of cups, cans, and bottles. Place a trash can by the front door or at the sidewalk so guests can discard their litter as they leave. The morning after a party, clean up any trash left outside your apartment or house and in neighboring yards.
- Tell your guests not to park on neighbors’ lawns. Make sure your friends don’t block driveways and roads with their vehicles. Roadways need to be kept open for emergency vehicles should someone need an ambulance or fire truck.
• Periodically, walk outside to check out the noise level and adjust it accordingly. Remember that voices carry and by moving the party indoors you can better avoid disturbing your neighbors.
• Limit the number of drinks served per person (one per hour is the safest pace, should you decide to drink)
• Know the signs of alcohol poisoning and what to do to keep friends safe.
• Don’t drink too much yourself. You should be able to stay in control of your party; otherwise designate a sober party host.
• If you receive calls from neighbors or the police come to your party because of problems cooperate with their requests.
• Do not allow drinking contests or drinking games that encourage the over-consumption of alcohol.
• Keep guests off all roofs and balconies that are crowded.
• Help people find rides home from a sober driver who has not consumed any alcohol.

Stay Safe Tips
• Lock all doors and windows before you leaves and at night while you’re sleeping. Keep doors locked during the day, whether you’re at home or not. Most break-ins occur because of unlocked doors and windows!

• Leave an outside light on at night. Make sure the light is turned off during the daytime.

• Don’t hide keys to your home outside.

• Get together with some neighbors and agree to keep an eye on each other’s homes. If you see something suspicious, call the police.

• When you get home, check for signs of forced entry before going in. If there are signs of entry, don’t go inside. Call the police immediately.

• To keep your car safe, park in a garage or parking lot where there is an attendant or park in a well-lit area away from alleys and bushes. Close your windows and lock your doors. Never hide a key anywhere on your car and take your valuables with you when you leave your car or lock them in your trunk
Fire Safety and Protection

For many students moving to college means living independently for the first time. Fire safety is often the last thing students think about. See below for helpful tips on fire safety and protection.

1. Don’t tamper with smoke alarms
2. Know how many doors there are from your bedroom to an exit, know alternate exits and keep exit routes clear
3. Sleep with your bedroom door closed...this helps to hold back heat and smoke
4. Do not smoke in bed and be careful using portable heaters
5. Take out the garbage or recycle those old newspapers as they burn quickly
6. Does the same fuse blow all the time? Call an electrician and remove items from that outlet till you know it is safe.
7. Do not store flammable liquids (i.e. propane gas, lighter fluid, etc.) in the home
8. Check with apartment management or landlord before using a gas or charcoal grill on your patio or balcony.
9. Remember to respond to all alarms even if it is 4:00 in the morning. Get out of your bed and evacuate...it might mean your life.
10. Designate a meeting place outside so you will know if anyone is still in the house or apartment...if you are missing a roommate, let police or fire rescue know...do not go back into a burning building.
11. Plan a drill and see how long it takes you and your roommate to evacuate safely

How to Get Around
Getting around in Tallahassee is pretty easy. There are only about 7 major roads in the city.

1. Tennessee St East (of capital) and West (of capital) through city
2. Tharpe St East and West cross North Monroe
3. Monroe St North (of capital) and South (of capital) through city
4. Ocala Rd North and South across West Tennessee and runs into Tharpe St.
5. Apalachee Pkwy South East of Capital and runs into Capital Circle
6. Thomasville Rd North East off of Monroe
7. Capital Circle Circles the perimeter of Tallahassee

The city of Tallahassee is divided into four major quadrants Northeast, Northwest, Southeast, and Southwest. Not sure about the location, then ask whether it is Northwest or Northeast. Drive around. Get used to the city and traffic patterns. No car? Take the bus.

Transportation on campus and around town
As a Florida State University student you have a variety of FREE options available to you for getting around campus and Tallahassee.

1. The FSU bus system actually leaves campus and travels to several apartment complexes picking up students and returning them to campus, allowing them to not have to worry about parking on campus; to see which apartments the bus systems travels to as well as the routes around campus visit http://parking.fsu.edu.

2. Ride the StarMetro bus (the Tallahassee public transportation system) for free! All you need is your valid student id. StarMetro travels all around the city of Tallahassee, to see the routes around town or find the stop nearest you visit www.talgov.com/starmetro.

On-Campus Parking
If you drive and park on campus during the day, you are required to register your car and have a parking decal. All FSU students automatically pay a fee to the University allowing you to park your car and use the bus system on campus. You register your car with the University through the Parking and Transportation website http://parking.fsu.edu. This is a great resource to avoid the long lines that form at the beginning of each semester.

Parking is VERY limited so plan to arrive early to find a space. Parking restrictions are enforced Monday – Friday 7:30a.m. to 4:30p.m unless otherwise stated. That means after 4:30p.m., before 7:30a.m., and on weekends, you can park on campus without a decal. Please remember not to park in handicapped spots or reserved spaces unless you have the appropriate decals. Towing for these spaces is in effect 24 hours a day, seven days a week – even on game days.

Whether you are purchasing your decal online or in person, you will need the following information:

• Valid driver’s license
• Valid license plate number
• FSU ID
• Be registered for classes

Even though you have a parking decal it does not guarantee that you will find a space. Plan ahead and get to campus early so that you can find a space and make it to class on time.
